OCTO MARKETING PTE LTD

OCTO Synthetics you can trust

OCTO MARKETING PTE LTD is an established distributor for Civil Engineering Products with its base in Singapore.

Our core products range from OCTO-Synthetics, Garden Innovative Edging, Green Wall Creation for Indoor & Outdoor, Sub-surface Drainage Solutions, Soil Erosion Control Products as well as Storm Water Harvesting Systems with significant applications in Building & Civil construction and infrastructure projects in both the private and government segment of the market.

We have always focused on the field of molding equipment and finished product, staying at the forefront of the industry in virtue of a leading platform.

**WE ASPIRE TO BECOME A
WORLD-CLASS ENTERPRISE IN OUR FIELD!**

OCTO FIBERGLASS / GFRC / CONCRETE PLANTER BOXES & POTS

OCTO MARKETING PTE LTD is a 100% Singapore-owned importer of fibreglass planters. Our Malaysia factory produces high-quality planters in both modern and traditional designs, finished with Polyurethane 2-Pack protection for excellent weather resistance, colour, and gloss retention. A wide range of colours, including metallic and automotive finishes, is available.

Materials

FRP (Fiberglass Reinforced Plastic): Lightweight, tough, suitable for indoor/outdoor use, best for sizes below 150cm³.

Concrete: Strong, weather-resistant, recommended for trees and sizes below 100cm³.

GFRC (Glass Fiber Reinforced Concrete): Durable yet lighter than concrete, eco-friendly, supports up to 120cm³, widely used in landscaping.

We offer custom planters and waterproof liners with fast turnaround, plus options like sub-irrigated water tables for reduced maintenance. We guarantee products of the highest quality and workmanship.
